## APOH 抗原(重组蛋白)

- 中文名称: APOH 抗原(重组蛋白)
- 英文名称: APOH Antigen (Recombinant Protein)
- 储存: 冷冻(-20℃)
- 相关类别: 抗原

概述

Fusion protein corresponding to a region derived from 21-262 amino acids of human APOH

## 技术规格

Full name:	Apolipoprotein H (beta-2-glycoprotein I)
Synonyms:	BG; B2G1; B2GP1
Swissprot:	P02749
Gene Accession:	BC020703
Purity:	>85%, as determined by Coomassie blue stained SDS-PAGE
Expression system:	Escherichia coli
Tags:	His tag C-Terminus, GST tag N-Terminus
Background:	Apolipoprotein H has been implicated in a variety of physiologic path ways including lipoprotein metabolism, coagulation, and the productio n of antiphospholipid autoantibodies. APOH may be a required cofact or for anionic phospholipid binding by the antiphospholipid autoantib odies found in sera of many patients with lupus and primary antiphos pholipid syndrome, but it does not seem to be required for the reacti vity of antiphospholipid autoantibodies associated with infections.
