

兔抗 RELN 多克隆抗体

中文名称：兔抗 RELN 多克隆抗体

英文名称： Anti-RELN rabbit polyclonal antibody

别名： reelin; RL; ETL7; LIS2; PRO1598

相关类别： 一抗

储存： 冷冻（-20℃）

宿主： Rabbit

抗原： RELN

反应种属： Human, Mouse, Rat

标记物： Unconjugate

克隆类型： rabbit polyclonal

技术规格

Background:	This gene encodes a large secreted extracellular matrix protein thought to control cell-cell interactions critical for cell positioning and neuronal migration during brain development. This protein may be involved in schizophrenia, autism, bipolar disorder, major depression and in migration defects associated with temporal lobe epilepsy. Mutations of this gene are associated with autosomal recessive lissencephaly with cerebellar hypoplasia. Two transcript variants encoding distinct isoforms have been identified for this gene. Other transcript variants have been described but their full length nature has not been determined.
Applications:	ELISA, IHC
Name of antibody:	RELN

Immunogen:	Synthetic peptide of human RELN
Full name:	reelin
Synonyms:	RL; ETL7; LIS2; PRO1598
SwissProt:	P78509
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human colorectal cancer
IHC Recommend dilution:	25-50
