

## 兔抗 pan CDH 多克隆抗体

- 中文名称: 兔抗 pan CDH 多克隆抗体
- 英文名称: Anti-pan CDH rabbit polyclonal antibody
- 相关类别: 一抗
- 储 存: 冷冻(-20℃)
- 宿 主: Rabbit
- 抗 原: pan CDH
- 反应种属: Human, Mouse, Rat
- 标记物: Unconjugate
- 克隆类型: rabbit polyclonal

## 技术规格

Background:	This gene is a classical cadherin from the cadherin superf amily. The encoded protein is a calcium dependent cell-c ell adhesion glycoprotein comprised of five extracellular c adherin repeats, a transmembrane region and a highly co nserved cytoplasmic tail. Mutations in this gene are corre lated with gastric, breast, colorectal, thyroid and ovarian cancer. Loss of function is thought to contribute to prog ression in cancer by increasing proliferation, invasion, and /or metastasis. The ectodomain of this protein mediates bacterial adhesion to mammalian cells and the cytoplasm ic domain is required for internalization. Identified transcr ipt variants arise from mutation at consensus splice sites.
Applications:	ELISA, IHC
Name of antibody:	pan CDH
Immunogen:	Synthetic peptide of human pan CDH
Full name:	pan-cadherin

## 全国订货电话 4008-723-722

SwissProt:	P12830
ELISA Recommended dilution:	2000-5000
IHC positive control:	Human cervical cancer and Human lung cancer
IHC Recommend dilution:	25-100
