

兔抗 SPN 多克隆抗体

- 中文名称: 兔抗 SPN 多克隆抗体
- 英文名称: Anti-SPN rabbit polyclonal antibody
- 别名: LSN; CD43; GALGP; GPL115
- 相关类别: 一抗
- 抗原: SPN
- 储存: 冷冻(-20℃)
- 宿 主: Rabbit
- 反应种属: Human
- 标记物: Unconjugate
- 克隆类型: rabbit polyclonal

技术规格

| Background: | The protein encoded by this gene is a major sialoglycopr otein found on the surface of thymocytes, T lymphocytes , monocytes, granulocytes, and some B lymphocytes. It may be part of a physiologic ligand-receptor complex in volved in T-cell activation. During T-cell activation, this p rotein is actively removed from the T-cell-APC (antigen-p resenting cell) contact site, suggesting a negative regulat ory role in adaptive immune response. |
|-------------------|---|
| Applications: | ELISA, IHC |
| Name of antibody: | SPN |
| Immunogen: | Fusion protein of human SPN |

| Full name: | sialophorin |
|-----------------------------|---------------------------------------|
| Synonyms : | LSN; CD43; GALGP; GPL115 |
| SwissProt: | P16150 |
| ELISA Recommended dilution: | 2000-5000 |
| IHC positive control: | Human tonsil and Human ovarian cancer |
| IHC Recommend dilution: | 50-200 |
